Jamie, Brad & I just had a conversation with Supt. Crowley who is maintaining oversight regarding an “anticipated traffic related event by the truckers” that may or may not impact orderly flow of traffic outbound and inbound on the Ambassador Bridge today.

The information remains fluid and it’s important that whoever is gathering at the Comber Truck stop this morning that we ascertain from them what their intentions are.

As we speak Brad is reaching out to Sgt. Mike Acton, PLT if he could have his resources immediately deployed to Comber as its anticipated those in attendance will be leaving at 1000hrs. to the City of Windsor. It’s important that PLT have a discussion with the organizers as to the consequences of impacting the orderly flow of traffic and what exactly is their plan today and going forward.
